INTERACTIVELY EXPERIENCE MEGAWOOD®

YOUR DEALER

You can construct a virtual megawood® deck in front of your house with the megaplanner App for iOS and Android. In order to do so, simply enter the dimensions of your deck and receive your individual construction plan! **View your new megawood® deck from all directions:** From the sub-construction to the barefootboard. Simply position this marker page at the point where you would like to build your deck, scan it with your Smartphone or tablet and experience your new deck live and in 3D.
